

## **The Hustle**

### **COVID Safe Plan & Updates on Conditions of Entry**

Please review the NEW conditions for entry effective 4 October 2021

#### **Key priorities and rationale for plan**

- The safety of every person that plays at The Hustle is top priority. Every decision is made with the goal of reducing the risk of the likelihood of transmission while at The Hustle.
- We recognise that not being able to play has affected players' holistic well-being. By re-opening, we can provide a space to encourage a healthy and happy way of life again.
- We desire to encourage hope in the community in this time of COVID-19, by doing our best to stay open but safe.
- It is paramount that we have respect and consideration for each person in our community. This means working as a team so that basketball can be part of this new normal.

For the purposes of the Public Health Order, The Hustle is an Indoor Recreational Facility.

According to Service NSW, called on the 4 October 2021, The Hustle is able to open with 20 people per booking.

Sports NSW confirmed that "Community Sport" is "Organised Training and Competition". Since The Hustle does not engage in organised training and competition, it is able to accept court bookings for casual and social purposes only.

## HEAD OUT

- Once your booking has ended, please exit The Hustle following the signs, as soon as possible, to allow for the switch between bookings.
- No waiting, “hanging out” or loitering within the warehouse gates at any time.

\*Each booking that trains players under the age of 18 must have at least two coaches/responsible adults present within The Hustle to supervise.

This is subject to change as per government directions.

Thank you for your cooperation!
